

Dear Parents:

All SJB students will participate in a summer reading program. I have prepared suggested titles for each grade level. You may wish to look at grade levels below or above your sons' entering grades to ensure enjoyable and successful reading. These can be made available to you upon request. Most titles are fiction. Your son may choose non-fiction titles as well. Please make as many copies of the reading logs as you need. These will need to be turned in to your sons' teachers when we resume school after summer break. Please note that beginning in third grade, additional assignments are required. These are to be turned in to your sons' teachers the first week of school. Fifth and sixth grade assignments will be graded. The nature of the assignments for fifth and sixth grade require fiction titles. Above all, have a happy summer of reading!

*Educationally Yours,
Terry McVicar
Director of Curriculum & Instruction*
